

CHESTNUT CHAT SERIES:
CHAT 10: PLANT PATHOLOGY FOR NON-PLANT PATHOLOGISTS
DATE: FRIDAY, JULY 24, 2020

ORIGINATOR	QUESTION / COMMENT
Sara Fitzsimmons:	Hi John - I highly recommend you check out our past Chestnut Chat from Friday, May 1:
Sara Fitzsimmons:	https://www.acf.org/resources/chestnut-chat-series/
Sara Fitzsimmons:	If we have time, we can circle back on some specific questions regarding genetic modification, but if we don't have time, I expect your questions will likely be covered by the 5/1/20 Chat.
Sara Fitzsimmons:	Hi John - if you have a question, could you type it into the Q&A panel?
Sara Fitzsimmons:	https://link.springer.com/article/10.1007%2Fs11295-020-01454-y
Sara Fitzsimmons:	A reference genome assembly and adaptive trait analysis of <i>Castanea mollissima</i> ~Vanuxem, TM a source of resistance to chestnut blight in restoration breeding
